Dear Nancy,

Portico Magazine is very grateful for your valuable support to our Dream Home Project on Goosepond Island, in Alabama.

Your art was a beautiful addition to our project. Your art was prominently displayed throughout the house because Portico feels your work appeals to our affluent high end readers.

Our Decorator, Pamela Laney was thrilled that you invested yourself willingly into the project to make sure everything went smoothly. A number of our visitors were very complimentary of your work.

Thanks you so much for all your help!

Sincerely,
